

CHARITABLE GIFT ANNUITY

- Receive a lifetime of fixed income
- Earn increased income from low-yield, appreciated stock
- Take many years to pay the tax on the capital gain in your stock
- Earn a charitable deduction when you create your gift annuity
- Earn the immediate deduction, but you might decide to hold off receiving income so that you are paid a higher rate later in life
- What remains at the death of those receiving income is a gift to St. Francis

Your Charitable Gift Annuity can pay income to you, your spouse, both of you, your children, parents, or siblings.

You might use the income to supplement your retirement. Or, you can set up a gift annuity that pays its income to loved ones instead of receiving it yourself.

After you create your Charitable Gift Annuity, we will be pleased to welcome you to membership in the Sr. Jean M. Pignone Legacy Society. You may make your membership anonymous if you wish.
